

LOCAL NEWS.

WEATHER PROBABILITIES.—War Department, Office of the Chief Signal Officer, Washington, D. C., Nov. 13, 1876—10:30 a. m. For the Middle States cooler, northwesterly backing to warmer southerly winds, with falling barometer, partly cloudy and bazy weather.

THE GRAND COMMANDERY MEETING.—Next to the election, the meeting of the Grand Commandery of Knights Templars, of Virginia, in this city, on Wednesday next, forms the principal topic of conversation for a large number of our citizens. The various committees of Old Dominion Commandery have been active and untiring in their efforts, and have now nearly completed their work. The banquet hall on Lee street has been handsomely decorated with flags, &c., and now presents a very beautiful appearance. The following order has been issued by Captain General Kersey, of Old Dominion Commandery:

HON. OLD DOMINION COMD'Y, No. 11, K. T. Stationed at Alexandria, Virginia, Nov. 8, A. O. 753 A. D. 1876.)

GENERAL ORDERS, No. 4.
I, Sir Knights will assemble in fatigue uniform at the depot of the V. M. R. Rd. promptly at 8:30 o'clock on the morning of the 15th instant for the purpose of escorting to their quarters Richmond Commandery, No. 2, and Appomattox Commandery, No. 6, and such other Commanderies as may arrive at that time.

II. After performing escort duty, the Command will be dismissed until 9 o'clock a. m., when the Sir Knights will assemble at their Asylum in fatigue uniform for the purpose of formally receiving the visiting Grand and Subordinate Commanderies, and escorting them to their guests to the Mt. Vernon Hotel.

III. Upon arrival at the Mt. Vernon Hotel, the line will be reformed and march to the tomb of Washington, where some ceremonies will be performed as the R. E. Grand Commandery may deem appropriate, after which the march will be continued to the Mansion, where the Sir Knights will be dismissed to fall in again at the sound of the bugle.

IV. On arrival of the boat at Alexandria this Command will escort the visiting Commanderies to their quarters at the Mansion House, when the line will be dismissed until 7:30 o'clock a. m., at which time the Sir Knights will again assemble at their Asylum in full dress uniform for the purpose of exemplifying before the Grand Commandery the "work" of the "Order of the Temple."

V. During the morning of Thursday, the 16th, the Sir Knights of this Command will devote themselves exclusively to the entertainment of their visitors.

VI. Sir Knights will assemble at their Asylum in full dress uniform at 1:30 p. m., on the 16th, and hold themselves in readiness to obey such orders as may be issued by the Grand Captain General.

VII. At 6:30 o'clock p. m. the Command will assemble at their Asylum in fatigue caps, white gloves and belts for the purpose of escorting to the banquet the visiting Grand and Subordinate Commanderies.

VIII. As the Grand Commandery will hold its sessions on Wednesday, at 6 o'clock p. m., and on Thursday probably at 10 o'clock a. m., at these times this Command will be immediately under the orders of Sir J. T. Beckham, its Senior Warden, who will be respected and obeyed as such.

In issuing the above orders the Eminent Commander desires the Sir Knights to consider themselves as strictly bound thereby; and earnestly appeals to, and confidently relies upon them, to make this occasion memorable in their history for the success that may attend their efforts, and for the pleasant associations that may ever cluster around it.

By order of the Eminent Commander.
MATT. KENSEY, Captain General.

It is most earnestly requested by the Commandery here that as many of our citizens as possible will decorate their houses on the 16th inst., the day of the parade. Arrangements have already been completed for decorating the engine houses and some other public buildings. The Norfolk papers say that Grace Commandery of that city will send quite a large delegation to the meeting of the Grand Commandery.

REV. R. H. ROBINSON.—The persecution to which Rev. R. H. Robinson, colored, formerly of this city, but now of Baltimore, has been subjected on account of his political opinions, has been heretofore noticed in the Gazette. Another attack upon him was made yesterday. The Baltimore Gazette says that Mr. Robinson, yesterday, went into his pulpit at the customary hour for the purpose of delivering his regular Sunday morning sermon.

A preconcerted plan for his "jettison" had, however, evidently been arranged, and his arrival was the occasion of great excitement. Many of his congregation rose to their feet at his entrance, and others abruptly left the church. The building will accommodate about five hundred persons, and was crowded to its utmost capacity. The news of the difficulty had evidently been anticipated by the colored people who live in the neighborhood, and the street in front of the church was thronged with a dusky crowd eager to testify by any lawful act their devotion to their defeated party. Many of them hurled imprecations unfit for publication against the pastor and others called upon the police to eject him from the church. Officer Flannery, who was present, did his utmost to quell the tumult, which did not subside until Mr. Robinson withdrew in the interest of peace, and was subsequently escorted home by the officer above mentioned. He afterward secured the keys of the church and retained them in his possession with the intention of admitting no one to the edifice until he hears from his presiding elder. The police state that the difficulty originated with a white man living in the neighborhood, who is a well-known republican, and who has, by his inflammatory remarks, incited the negroes to this outrage.

Some weeks ago a colored preacher who filled the pulpit for Mr. Robinson made use, in his sermon of the expression, "If any member of this congregation intends voting the democratic ticket, he ought to be hanged." At the close of his remarks, Mr. Robinson arose and said he did not think such an expression of opinion a suitable one to emanate from the pulpit, and he did not desire a repetition of it. The congregation, which is largely composed of an ignorant class of negroes, became very much excited at this very proper suggestion of their pastor, and requested him to resign the charge. He refused to do so, and hence the trouble yesterday. Mr. Robinson is a man of intelligence and education, and is remarkably popular as a preacher, and has since taking charge of Orchard street built up the church so that it now has a congregation outnumbering any colored church in the city. He numbers among his friends many of the most respectable and well known citizens of Baltimore, and has never used one word of political argument in his pulpit. He has two sons who have labored for the organization of colored democratic clubs during the late campaign, but has himself never expressed an opinion politically, uncalled for.

DAY AND WEEK OF PRAYER.—The opening exercises were held yesterday, at 4 o'clock p. m., in the Baptist Church, and were principally led by the pastors of the M. E. Church, Baptist Church and M. E. Church South. A very large congregation was present, composed of the members of the several churches, and a large number of the youth of both sexes. The services were very interesting, and partook strongly of the animus of the call made by the International Committee. During the exercises, the President of the Y. M. C. A. here being called upon, made an address, fully setting forth the aims, objects and results of the work of the organization. Highly appropriate remarks to the young were preached to large congregations in the morning at the Rev. Mr. Webb's Church, from the text Daniel, chapter 16, 17 verses, by the pastor, by Dr. Norton, at St. Paul's Church, in the evening, from the text Proverbs, 3d chapter, 12 verses, and at night in the Baptist Church, by Rev. Mr. Penick, from the text 2d Samuel, 18th

chapter, 20th verse. The numerous attendance of young men upon these services was marked, and the concurrent testimony is that they were interested, gratified and impressed with the appeals made to them. We would remind our readers that the room of the association will be open for prayer from half-past twelve to one p. m. every day this week, and on Wednesday night union services will be held in the M. P. Church at 7 1/2 p. m.

SENT TO CUMBERLAND.—Alphozo Arrington, who some weeks since shot at Sonny Ward, on Pennsylvania avenue, in Washington, near Twelfth street, and who has been in jail since, awaiting trial, was taken to Cumberland, Md., Saturday evening, by officer Wm. J. Boyd, of that city. Arrington is charged with biting the ear off of John Rubaker during a fight in Cumberland on 8th October last. Since then Arrington was indicted at Cumberland, and a requisition was sent to Washington for him by Gov. Carroll.

UPSET.—While Mr. W. A. Johnson, of this city, and his wife were out riding, yesterday afternoon, near the Couvaletest Camp, the horse attached to their buggy became unmanageable and upset the buggy, throwing them both out, but fortunately, not injuring them beyond some slight bruises. The buggy was pretty well demolished, and Mr. Johnson and his wife had to return home in a country wagon.

THE GILLERS' WAR CASE.—The case of Carpenter and others for participation in what was known as the "gillers' war," last spring, will be taken up at Port Tobacco, Md., next week. This case arose from the fight in which Captains Gregg and Denty were wounded, and the latter's tugboat chased to the wharf, at Quantico, and captured.

CHURCHES YESTERDAY.—The churches yesterday were all well attended and the pulpits of all were occupied by the resident clergymen. Rev. Dr. Bullock and Rev. J. H. Waugh exchanged pulpits in the morning. In several of the churches sermons especially intended for young men were delivered.

SHOOTING AFFRAY.—A canal boat captain named George White shot a negro named Albert Crane, in the head, at Georgetown, on Saturday, for throwing stones at him. Crane's wounds are serious, and his assailant was arrested.

PERSONAL.—Among the strangers in the city today, was ex-Alderman John A. Seaton, now living in New York. He says that he is an out and out democrat and firmly believes in Tilden's election.

Local Brevities.
Mr. R. J. Collins, the popular and efficient Clerk of the School Board, whose extreme illness has been heretofore mentioned in the Gazette, still lies in a very precarious condition, but slight hopes are entertained of his recovery.

The case of Fairfax vs. the city of Alexandria will be taken up in the Court of Appeals at Richmond, this week.

The Alexandria Water Company has declared a dividend of two dollars per share.

A Convict's Suicide.
WATERTOWN, N. Y., Nov. 13.—Francis Grapetti, convicted of murder in the second degree, in this city, yesterday, hanged himself in his cell last night. The prisoner was worth \$20,000 and sentence was to have been deferred until Saturday to enable him to dispose of it.

Foreign News.
LONDON, Nov. 13.—There was a burlesque at Lisbon.
A Greek bark was run down in the Channel Saturday. Eight of her crew perished.
The Pall Mall Gazette thinks the prospect for peace poor.

Dry Goods.—D. F. Brashear is adding largely to his stock, and offering great inducements to country merchants, as well as consumers. He is constantly in the market, and doing a quick and active business. See his advertisement of to-day.

Don't ruin your health, and, besides, make yourself disagreeable to other people by your continued coughing. A twenty-five cent bottle of Dr. Bull's Cough Syrup will cure you. Large bottles 50 cents.

W. F. Creighton, Janney & Co., James Eastwick's, J. S. Gibson, Leadbeater & Bro., Warfield & Hall, S. H. Lunt, and Janney & Co.'s branch store are all selling a great deal of Wells' Eureka.

WICKEDNESS.—Not a bad heart, but a diseased liver, is often the cause of violence of temper, vindictiveness, and sometimes crime; for, when the spleen is affected, the heart is clogged in its normal impulses, for want of action to carry off the bile.

"I have used Simmons' Liver Regulator, not only once, but often, and can confidently assert it has done me more good than any other medicine I have ever used. I think it is the greatest medicine for diseased liver made in the world. Many of my neighbors have used it, and all will say as much if not more than I do for its virtues."

THE RESULT.

WASHINGTON, Nov. 13—2 p. m.—The excitement here has very perceptibly subsided, and the crowds around the telegraph offices are small.

There seems to be a settled conviction that Tilden will be the next President and that he will receive the electoral votes of both Louisiana and Florida, while South Carolina is very doubtful.

The New York Herald of to-day inclines to the belief that Tilden is elected, while the Times clings to the hope that the republicans have been successful.

The ordering of Sheridan to New Orleans is looked upon suspiciously by many.

The returning board of South Carolina meets to-day, but it is not likely that their decision will be made known to-night.

The Atlantic and Pacific Telegraph Company here bulletins a dispatch from New York which says that the New York Herald says that Hampton has 1,400 majority in South Carolina and Tilden 1,000, and that U. S. Marshal Wallace says the State has gone democratic.

It is again reported that Wisconsin has gone democratic.

THE LOUISIANA VOTE.

NEW YORK, Nov. 13.—A Herald New Orleans special of the 12th, says: United States Marshal Pickin telegraphed Gen. Butler to-night soliciting his presence here, and thinks he will come. Lamar, Chalmers and Watterson have just arrived at the St. Charles Hotel, whether the democratic headquarters have been removed. There is little or no excitement. Dispatches engaging rooms for to-morrow have been received from Senators Stevenson, Boggy, Kelly and McDonald, Govs. Curtis and Noyes, Gen. Love, Col. Broadway, Hon. J. S. Martin, Stanley Matthews, Mr. Houghton of New York, Haile of Maine, and twelve others.

The Times' Washington special says: Gen. Sherman had a long interview with the President to-night in reference to the movement of troops. This afternoon Gen. Sheridan was ordered to New Orleans to take command of the forces now there. He left Chicago to-night for that city, and upon his arrival at New Orleans will make such disposition of the troops as will secure the public peace in any emergency.

Secretary Cameron says there are sufficient troops at New Orleans, Columbia, S. C., and in Florida, to quell any disturbance that may occur. He is confident that Hayes has been elected, and says the government has taken such steps as will insure the election, officers against intimidation or violence, and enable them to make a declaration of the result without interference from outside parties.

ALBANY, N. Y., Nov. 13.—Returns from all the wards of the city show the vote for presidential electors to be democratic 10,835, republican 9,290. The vote for the other candidates falls a little below the above figures.

NEW YORK, Nov. 13.—Charles Francis Adams is not going to Louisiana.

The World gives Tilden 7,559 majority in Louisiana, 1,000 to 1,200 in Florida, and says his success is doubtful in South Carolina. A Montpelier special to the World says Henry N. Sobel, one of the republican presidential electors, is a postmaster of Bradford, and therefore ineligible to the place to which he has been elected. This fact raises the question whether his democratic opponent cannot contest the election and win a vote for Tilden, thus deciding the national contest. (The clause of the Constitution to which reference is here made, is article 2, section 1, which reads: "No Senator or representative, or person holding an office of trust or profit under the United States shall be appointed an elector.")

NEW YORK, Nov. 13.—The Herald still gives Hayes 160 electoral votes and Tilden 184, with 19 doubtful. It says: "Referring to the doubtful States, so far as the additional detailed returns go, they point as before to democratic success." The Herald has a special dispatch from the chairman of the democratic committee of Florida claiming a victory for Tilden. The democrats also charge frauds on the republicans.

NEW YORK, Nov. 13.—There was little excitement in the streets this morning concerning the disputed result of the Presidential election. The crowd in Park Row and in Broadway, between John street and St. Paul's church, was a little larger than usual and knots of men stood around the bulletin boards of the different newspapers but there was a marked absence of the eagerness manifested last week. Printing House square was comparatively deserted, and there was only the usual number of loungers in the City Hall Park. There was absolutely nothing political doing this morning at either the republican or the democratic national headquarters. A quietness very much akin to desolation had taken possession of both places. The few gentlemen present were anxious countenances; in the Fifth Avenue Hotel there was not only no excitement about politics, but there was no apparent interest. Not a single gentleman of national celebrity visited the rooms of the National Committee. The committee themselves had retired to Philadelphia, abandoning their quarters to the State Committee, which will occupy them on Wednesday.

COLUMBIA, S. C., Nov. 13.—The board of State canvassers met at ten o'clock to-day. Hayne, Stone, Purvis, Dunn and Cordery being present. The following resolution was unanimously adopted:

Resolved, That the board bear oral argument on the point as to limitation of time in which the board can canvass the returns for presidential electors, and that argument be limited to half an hour on each side.

Gen. James Connor, on behalf of the democratic canvassers, submitted the following paper in regard to the jurisdiction of the board: On behalf of the citizens of the State whom we represent, and of the democratic candidates in the State, we submit that all acts of the General Assembly authorizing the board of State canvassers to hear and decide all cases under protest or contest that may arise in regard to the election of electors for President and Vice President, members of Congress and all officers elected at any general election held in this State, are in violation of the twenty-sixth paragraph of the Constitution, and therefore void. And in behalf of the parties aforesaid we demand that the board of canvassers now assembled shall not hear or decide any such cases of contest or protest, but shall only act ministerially in ascertaining from the returns and statements forwarded by the boards of county canvassers the persons who have received the greatest number of votes for the offices for which they were respectively candidates and declare the same and certify it to the Secretary of State. The board went into secret session to consider the point raised. After some deliberation the doors were opened and Secretary of State Hayne, president of the board, announced that as the point of jurisdiction was a new one the board would like to hear the constitutionality of the question argued. One o'clock was fixed as the hour of hearing the argument. The following resolution was adopted:

Resolved, That the board of State canvassers will proceed to canvass returns for electors for President and Vice President, beginning on the 16th day of November, unless returns from all counties have been previously received, and will continue to canvass such returns from day to day until the last day of their session if it be necessary to do so. The Board adjourned to meet at 1 o'clock.
